LEGISLATIVE COUNSEL'S DIGEST

AB 60, as amended, Alejo. Driver's licenses: eligibility: required documentation.

(1) Existing law requires the Department of Motor Vehicles (DMV) to require an applicant for an original driver's license or identification card to submit satisfactory proof that the applicant's presence in the United States is authorized under federal law. Existing law prohibits the department from issuing an original driver's license or identification

card to a person who does not submit satisfactory proof that his or her presence in the United States is authorized under federal law. Existing law makes it a misdemeanor for a person to knowingly assist in obtaining a driver's license or identification card for a person whose presence in the United States is not authorized under federal law.

This bill would delete these provisions *as to driver's licenses*, and would make other technical and conforming changes. The bill would instead authorize an applicant for a *noncommercial* driver's license who is not eligible for a social security account number, but who provides proof of identity, as specified, to receive an original driver's license, ~~except as provided, license~~ if he or she meets all other qualifications for licensure. The bill would ~~provide that make these changes will become~~ operative on January 1, 2015.

(2) Existing law requires each form prescribed by the DMV for use by an applicant for the issuance or renewal of a driver's license or identification card to contain a section for the applicant's social security account number. Existing law prohibits the inclusion of an applicant's social security account number on a driver's license, identification card, registration, certificate of title, or other document issued by the DMV or the display of an applicant's social security account number on the driver's license.

This bill would ~~additionally provide that~~ *authorize, for the purposes of noncommercial driver's licenses only*, the section of the form for the applicant's social security account number ~~may also to~~ be used for a number associated with a document that the DMV finds clearly establishes the identity of the applicant. ~~The bill applicant, and~~ would additionally prohibit the inclusion or the displaying of the applicant's ~~individual taxpayer identification number or other number associated with the identity document.~~ The bill would ~~provide that make these changes will become~~ operative on January 1, 2015.

This bill would delete obsolete provisions with regard to identification cards.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
